SUMMARY

A swimming coach with a proven track record of fostering skill development and stakeholder management, I am seeking to leverage my analytical and problem-solving skills in a transition to a software developer role. Eager to apply strong communication skills, attention to detail and collaborative spirit to create intuitive and visually appealing web interfaces.

TECHNICAL SKILLS

Languages: HTML, CSS, JavaScript, NodeJS

Framework/Library: React, Express, Mongoose

Tools: Git, GitHub, ESLint, Prettier, Jest, Vite, Vitest, Webpack, MongoDB, Pug/Jade

NOTABLE PROJECTS

[Portfolio Page](#)

- A website that shares the codebase and live pages of notable personal projects
- Built with React
- Features: Mobile responsiveness, light and dark mode

[Sports Team Directory](#)

Repository: https://github.com/Stalloyde/Squad_Roster

- A directory site of a sports team
- Built with NodeJS, ExpressJS, MongoDB
- Features: Full CRUD features for sports and its associated staff and athletes, uploading of profile picture, password requirement for CRUD actions
- **PASSWORD TO CRUD ACTIONS:** `password`

[Shopping Cart](#)

Repository: <https://github.com/Stalloyde/shopping-cart>

- A front-end e-commerce project that features a variety of products
- Built with React, TypeScript, Vitest & CSS Modules
- Features: Mobile responsiveness, test-driven development, API Fetching

[Battleship Game](#)

Repository: <https://github.com/Stalloyde/shopping-cart>

- A single player classic game of Battleship
- Built with HTML, CSS, JavaScript, Jest & Webpack
- Features: Test-driven development, modular programming (DRY)

PROFESSIONAL EXPERIENCES

Developmental Swim Coach – Singapore Swimming Club

June 2019 – Present

- Lead a squad of swimmers, age 8-12 competing at the national level
- Engage parents to provide advice on competition entries and progression pathways, as well as to educate parents on age-appropriate sport-specific development
- Delivered the club's Learn-to-Swim program and served as assessor for upgrading tests
- Conduct private lessons to club members of any age and ability
- Officiate and support internally organised meets and events

Swim Instructor/Coach - Aquatic Fitness Swimming Academy

Oct 2016 - June 2019

- Spearheaded executive projects including procurement of team swim caps, streamlining of curriculum and teaching standards, and liaisons with CCA coordinators
- Conduct classes and assessments of water safety fundamentals as well as all four competitive strokes to swimmers of all ages
- Mentor new instructors until competent for independent teaching
- Conduct training sessions for novice competitive swimmers

Client Service Executive (FMCG) - The Nielsen Company, Malaysia

Aug 2017 - June 2018

- Develop marketing research specifications catering towards clients' business needs
- Plan and coordinate research project execution through liaison with the Operations Team and Data Processing Team
- Form data reports and present findings to clients

EDUCATION

[The Odin Project \(TOP\)](#) (March 2022 - Present) – Project-based open-source curriculum for full-stack web development

- At 87% overall completion rate - Currently learning the basics of authentication & security configurations

HELP University, Kuala Lumpur, Malaysia (2013 - 2016) – Bachelor of Psychology (Hons)
